## **DETAILED ACTION**

1. Claims 1-20 are pending in this application.

### ***Response to Amendment***

2. The Affidavit filed on 11/02/04 under 37 CFR 1.131 has been considered but is ineffective to overcome the Hickman reference.

The evidence submitted is insufficient to establish a conception of the invention prior to the effective date of the Hickman reference. While conception is the mental part of the inventive act, it must be capable of proof, such as by demonstrative evidence or by a complete disclosure to another. Conception is more than a vague idea of how to solve a problem. The requisite means themselves and their interaction must also be comprehended. See *Mergenthaler v. Scudder*, 1897 C.D. 724, 81 O.G. 1417 (D.C. Cir. 1897). The evidence of E-mail need to be more than a vague idea of how to solve program; the meaning themselves and their interaction must be comprehended also. The hand written “testing phrase and step 7) on page 3 of the E-mail need to be clarified as corresponding to a particular limitation in the present invention claims.

The evidence submitted is insufficient to establish a reduction to practice of the invention in this country or a NAFTA or WTO member country prior to the effective date of the Hick reference. The statement “Has the invention been reduced to practice? Yes” is a general statement which does not meet the requirement of “proof of actual reduction to practice requires a showing that the apparatus actually existed and worked

for its intended purpose" according to the MPEP 715.07 Facts and Documentary Evidence

***Conclusion***

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
